1. Install CodeBlocks if not already installed.
2. Copy file no 1 (**glut.h**) to *C:\Program Files\CodeBlocks\MinGW\include\GL*
3. Copy file no 2 (**glut32.dll**) to *C:\Windows\System32*
4. Copy file no 3 (**glut32.lib**) to *C:\Program Files\CodeBlocks\MinGW\lib*

5. Open CodeBlocks and create a new GLUT project. Select the folder and title

6. Select GLUT's location as *C:\Program Files\CodeBlocks\MinGW*

7. Click 'next' then 'finish'. Try out the sample!

The End
